INTRODUCTORY ADDRESS.

Dr. Hatcher then presented Dr. Tiberius Gracchus Jones to the audience, who delivered one of the ablest and most interesting introductory addresses ever listened to by a similar assembly. His discourse throughout abounded in original thought, in beautiful language. Prior to the sermon Dr. Jones read an appropriate selection from the New Testament. Dr. Whitfield offered prayer, and after another song, Dr. Jones came forward and began his sermon. His text was:
"The Pharisees therefore said among themselves, perceive ye how ye prevail nothing; behold the word is gone after Him." John xiii, 19.

The distinguished divine opened his instructive sermon by relating the relation the Jesus bore to the Jewish nation; how they hated Him, and how He triumphed, notwithstanding their treachery and faithlessness.

He told how the rabbii and Pharisees went, with tongues quick to curse and abuse Him, and feet swift to shed His Democrats of Hanover rejoice with their brethren throughout Virginia and the United States in the splendid victory of the people in behalf of States rights and personal liberty, but above all we rejoice the

to exist or flourish. They are doomed to be conquered and crushed by the invincible power of love and righteousness. At some length Dr. Jones recited interesting illustration showing the difference between sleep and death. The huge forest with its beautiful and green foliage in summer, in winter is black and dead, but when mother earth clothed herself in May the beautiful foliage reappeared. "When you talk about the great generals I wonder if you leave out Joshua, Why, he was never defeated. Like Cromwell, he never lost a battle." He then described some of Joshua's battles; also other great warriors of sacred history, and showed how wonderful and complete was their victory. Applying his illustration, the speaker said thus it is with God. He never loses a fight GOD'S STRENGTH.
